Monthly Newsletter of THE FALCON CLUB OF AMERICA

Volume III, Number XII, July 1982

The Falcon Club of America, Inc., is a non-profit organization dedicated to preserving the FALCON automobile built by the Ford Motor Company from 1960 to 1970. Roy E. Sword founded the world-wide club in 1979, and it is incorporated under the laws of the state of Arkansas. Yearly dues to The Falcon Club of America are \$12.00 and are payable to The Falcon Club of America, 629 N. Hospital Drive, Jacksonville, AR 72076.

The Falcon News is published monthly with information furnished by its members. The club is not responsible for errors. Legitimate errors will be corrected in the next issue when requested.

PRESIDENT'S MESSAGE:

Well, it is almost here! The third meet nationally for the club. It is going to be a real pleasure to see all of you again and to meet all of those with whom I have not as yet had the pleasure to meet! I'm really looking forward to it!

If you have not yet signed up for the meet please take the time to do so. If it is not in your plans, why not reconsider and try to make the meet work into your plans. You won't be sorry. SEE YOU IN THE GREAT CITY OF MEMPHIS!!!!

PS....send those black and white pictures of your car to the Editor. He really needs them and we all want to see your Falcon.

COVER PHOTOS:

1964 Sprint: Terje Saethre, Rislökkvn. 50, Oslo 5, Norway. See article about Terje and his Sprint.

FROM THE EDITOR:

Danny Williams, of Phoenix, sent this article to me as a tip. I think it is more than a tip and that if you don't know you should. If we offend any one it is not our intent to do so. Falcons are to most of us hobby and hobby is to be fun. There is pro and con on this subject, Danny just wants you to know.

"Don't get ripped off by the NOS rip off dealer.

There is a twenty page parts list available from Circle City Mustang, Woolfolk Ave., Midland City, AL, 36350, for \$1.00 that lists parts from 1960 thru 1970 that are still in the Ford parts system and are available at local dealers or can be ordered by same.

There are also parts not listed that are available from Ford parts:

Example: CIDZ6422050A door lock and ignition cylinder and two keys, all '60-61 and '62-63 58, 62, 64, and 66 bodys. List at \$13.75 plus tax.

'61-65 COAF13783-B lens dome lamp exc 66-76 \$1.95 (11-9-81)

'60-66 CODF13783-B lens dome lamp all 60K '61-66 X66 Ranchero \$1.90 (10-25-81)

'61-65 COAF13788A Door dome lamp (chrome ring) \$4.40 (11-9-81)

'60-66 CODF13788A door dome lamp 60 all 60-99 X66 Ranchero \$4.05 (3-2-82)

NOS rip off example:

CODF13783B \$1.90 at Ford

CODF13788A 4.05 at Ford

Total \$5.95 at Ford

NOS rip off \$12.00 for the set!

Check this with what is advertised!

I hope that you print this, as Falconing is a hobby for me and a lot of other people with out unlimited funds.

Danny Williams"

This letter is open to rebuttal from NOS dealers. It is always nice to hear both sides of the story.

I still need pictures. Please send me enough pictures so that I have to convince the wife that I need to purchase a Ranchero just to go pick up the mail. All I need are clear, sharp, black and whites. I will return photos. I would like to print an additional page of pictures with each issue. We can, all we need are your nice black and white pictures.

MEMBERS:

Meet one of our two members from Norway. Terje Saethre, Rislökkvn. 50, Oslo 5, Norway

I first became interested in Falcons one cold day in the winter of 1964 when the Monte Carlo Rally (a famous European automobile race) started from Oslo. At the same time the race started from several other capital cities in Europe, and all teams headed for Monte Carlo. Two Ford factory teams started from Oslo in 1964 and these teams drove factory prepared Falcon Sprints. The drivers of the two Sprints were the Swedish driver Bo Ljungfeldt and Jo Schlesser from France. Ljungfeldt did a good job at the wheel, he placed 2nd overall and 1st in his class. I don't know how Schlesser managed but I know he raced for Ford for several years. He was later killed at Le Mans driving a Ford GT 40.

Anyway, those two Falcons were really something and the mere sound of those cars could drive you crazy. I loved it, the shape of those sporty coupes, the sound, everything....

About 15 years later I had the opportunity to buy a real Falcon Sprint, 1964 vintage. The car was in pretty good shape, it had been stored for 7 years before I bought it. The original 260 cid V8 had been replaced with a 302 cid V8 equipped with a Shelby intake, 4 bbl Carter, Mallory distributor, and etc.. The engine burnt some oil so I rebuilt a new 289 cid V8 for it with a hotter camshaft, Torker intake, Holley 600 cjm, all connected to a 4 speed Borg Warner T-10 transmission. The original tach was missing so I bought a good used one through the Falcon News. Mr. Glenn Packard of Philadelphia, PA., has helped me a lot with parts for my pride and joy.

The '64 Sprint was imported to Norway in 1964 and it was slightly used when imported. The car came to Norway with 14 inch Fenton mag wheels and a black paint job.

on the car. There are a few Falcons in Norway and maybe one or two Sprints.

I have been a member of the Falcon Club of America for a couple of years now, and I was the first International member of the club. My number is 161.

Only one percent of the cars in Norway are of U.S. origin, and the prices are quite high on used U.S. cars here. My Falcon is worth about \$7,000 to \$8,000 here but I will keep my rare Falcon. I have two other Fords, a '57 Thunderbird and a '58 Fairlane 500 2dr H.T..

Sincerely
Terje Saethre

Ed's note: Terje needs for his Sprint: w/manual steering, a 1" sector shaft: sector arm part # C3DZ 3590-A. Prefer new. Also a lighter knob. Write: Rislokkvn. 50, Oslo 5, Norway. I have been to Europe twice and the U.S. cars are not too frequently seen. In Copenhagen, Denmark, I saw quite a few U.S. cars being "cruised" around Tivoli. Most impressive was not the bright red Buick convertible but the blond driving it! The only Falcon I saw was also in Copenhagen. Sorry, I did not get to Norway. Thanks, Terje, for the letter!

MEET YOUR OFFICERS:

I'm Jim Hatcher, your Partsmaster. My job is to answer as many of your questions as possible about finding Falcon parts, what parts will work on what, and where to buy them if possible.

My first automobile was a new '61 Falcon Ranchero. I traded it for a new '62 Deluxe Ranchero. That was the beginning of a real Falcon Nut! Since then I've owned a '64 wagon with 260, auto, ac, and elect. tail gate window. I bought it in '69 and traded in '76. In 1972 we

purchased a white '65 Futura 2dr HT, 289, AC, auto, PS, and in 1980 I restored it and drive it on nice days. In 1978 we came across a red '64 Futura 2dr HT, 260, auto, with 49,000 miles on it. Later in 1978 we bought a red '69 sport coupe, 302, auto, and drove it about a year before selling it. After the 1st Falcon Nationals I decided we should have a '65 Sprint. We started hunting and in December we found a black '65 Sprint that was loaded with options and restored it. While we were looking we found a gray '65 Sprint that we couldn't talk the owner out of and gave up. Last week the owner called us and wanted to know if we were still interested in the gray Sprint. We now have our fourth Falcon at our home.

I'm 35 years old, married to Diane, another Falcon lover. We have two lovely daughters, Tina, 15, and Toni, 12.

My occupation is barber-stylist and as you can tell my hobby is Falcons and at the present time we are building a '32 Ford Victoria street rod with a 289 and a C-4 transmission.

Jim Hatcher

Ed's Note: Thanks Jim! Jim's office is voluntary like mine and we do it because we like to. You don't get to vote for us but the Board of Directors may give us the boot if they need to. If you need Jim's services be sure to include a self addressed stamped envelope for his reply.

ETC:

Here are a couple of clubs you might be interested in belonging to:

The Falcon Club of Arizona. 1515 W. Hartford, Phoenix, Arizona, 85023. Presently \$5.00 per six months. Monthly "Desert Falcon Flyer" news letter and very well done. President Dave Courtney. I had a nice visit by Vice-President Bill Branch a few weeks ago. He drove in while on vacation with a most beautiful black '63 Ranchero. I hope Bill can get to the National in it so you can all see it. Bill has promised me pictures of it for the FN cover. I was so taken by the beautiful machine and all we had to talk about that I didn't even think to take a picture!

If any of you have a Fairlane to go along with your Falcon. Club member Glenn Packard, 212A Pilgrim Ln., Drexel Hill, PA, 19026, is Editor of the "Fairlaner News", news letter of The Fairlane Club of America. Dues are \$10.00 a year. Glenn publishes a more than ample news letter, in fact, other than the club is only 1/6th the size we are, I don't know how he manages so many articles, facts, photos (in color no less), and illustrations. 38 pages in issue #3 of Vol. II!!!

NEW CHAPTERS TO FORM?

NORTHERN CALIFORNIA: California members planning or interested in having a Falcon Club "meet" or informal get together in late August or early September please write Jack Edward, 11171 Old Pond Lane, Grass Valley, CA, 95945, or phone (916) 268-0202. I would like to help host one to meet fellow members and see some nice Falcons.

DALLAS / FORT WORTH, TEXAS: 2nd get together. July 18, 2 PM at Ridgewood Park in Dallas. Call Barby Brunken at (214) 826-1207 for details.

It bothers me to write these notice when I'm not doing anything here in Colorado towards a chapter. If anyone here wants to organize a meet give me a call (986-8932) and I will try to assist (I don't have the time to do it myself, so sorry!)

TIPS:

From Jim Lyle, Box 586, W. Robbins, GA, 31095: If you are running a 4 bbl carb., replace it with the Holley Economaster 450 cfm. Great milage and instant throttle response.

I have done many V8 conversions and would be willing to help anyone get another one running. I do lots of performance work.

QUESTION:

On a Ford design four-speed transmission used in the '65 Falcon V8, what is the horizontal distance between the front flat surface of the case and the center of the first (nearest the front) shifter mounting hole? If you know, write Skip Goddard, 2625 West Virginia, Tucson AZ, 85706.

CONVENTION NEWS:

Registrations are coming in from all over the country as of this writing (July 7). More swap meet spaces have been reserved, and it looks as if we will have the largest national meet to date!

Memphis in August is always HOT, so don't forget a hat, sun glasses, and your coolest clothing. Following is a list of items which I have learned (the hard way) not to forget when packing for a car show: raincoats and/or umbrellas, filled drink cooler, flashlight, lots of rags, car cleaning supplies, map, tools, duct tape, cellophane tape, hand cleaner, paper towels, pocket-sized notebook and pen, camera, film

and flashbulbs. I hope this list is helpful. The Dixieland Chapter is really looking towards hosting your National Meet this year. Here is wishing you a most enjoyable meet and a great vacation! See you in August, and have a good, safe trip!

For the Dixieland Chapter, Mrs. Harriette Hastings.

Editors note: The Dixieland Chapter, President Roy, and I would appreciate if someone would volunteer to take some good black and white 35mm pictures at the National for use in the FN, and perhaps report on the meet too. If you want to volunteer this service to the club, please call President Roy: (501) 982-1029. Any other pictures would be appreciated as we plan to run a large photo coverage in the FN of the meet.

I have three Dagenham 4-speed trans-
 missions. Two with bell housings.
 All three have been recently re-
 built with new F&R bearings and

gaskets. Absloutely no chipped gears or worn shafts. Two with new counter shaft "shafts". I would like \$350.00 each for the ones with bell housings and \$280.00 for the one without. Also have two Mustang and one Falcon shifters at \$9.00 or may trade for equal value NOS Falcon parts, etc. Bill Ciaravino, 49 Wayne St., DePew, NY, 14043, (716) 681-5985. Also have for '63 cvt vgc blue arm rest \$10.00; trim between tail lights \$20.00.

NOS '60-61 black rubber front floor mat in carton \$65. Barby Brunken, 6577 Patrick, Dallas, TX, 75214 (214) 826-1270

PARTS WANTED:

For '64 Futura cvt: hood ornament, Falcon lettering for trunk, battery tray, windshield washer container, floor pans, and any help in dealing with some floor and rocker rust and getting a new top. Pete Pappas, 63 Exeter St., West Springfield, MA, 01089

For '65 cvt: need passenger side inside door panel, blue. Also need Sprint emblems for outside fender. Please call collect if you can help me. Ronald Wood, 323 Pine Needles Dr., Winston-Salem, NC, 27104 (919) 765-3369

For '64 Futura cvt: front bench seat in repairable or better con-

condition. Skip Goddard, 2625 West Virginia, Tucson, AZ, 85706

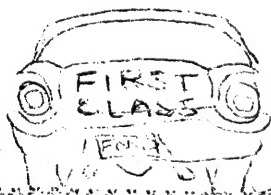

Sorry, but we have run out of room for the rest of the Parts Wanted adds. I also ran out of room for a new listing I want to add: PARTING OUT. This will list whole Falcons being parted and without individual piece prices. This will eliminate all of the ads I have to return because no prices are listed. I don't like not listing prices but I just don't have the time to return an add to a member because no prices are included. It also costs money for postage and the member then has to re-write his add too.

3rd ANNUAL CONVENTION, THE FALCON CLUB NATIONAL MEET AUGUST 13-14

No registration form included this month: see the last three issues or call Fleming Horne, Jr., (201) 386-5004.

Please register if you are going to the meet! The Dixieland Chapter has gone to a lot of work to bring us a great meet. If you don't register and then go at the last minute, all that careful planning is down the drain. Not enough rooms, not enough food, not enough space for all. It can really help to let them know that you are coming and it will make for a better meet for all. ENJOY!
